The Complete String Quartets of Dmitri Shostakovich

The Lafayette Quartet celebrates their 30th anniversary with the complete cycle of Shostakovich's 15 String Quartets. The cycle will be presented in 5 concerts along with pre-concert talks and lectures by visiting scholars.

Journey through Shostakovich's life as experienced through his string quartets, from the optimistic innocence of the first to the desolation and hopelessness of his final quartet. This cycle documents Shostakovich's creative life and spans his compositional career from the late 1930s until his death in 1975. The Lafayette String Quartet will share their special heritage with these works as received from their mentor Rostislav Dubinsky who knew and worked closely with Shostakovich.

Concert dates: February 3, 4, 6, 8, 9

Tickets \$25 / 5 concert festival pass \$100
