Reception to follow
The Judith Harreman Scholarship in Music

The Judith Harreman Scholarship in Music was first presented in 1986. It is awarded annually by the Canadian Federation of University Women, Victoria (CFUW) to an outstanding female student proceeding to her third or fourth year in the music programme at the University of Victoria. Preference is given to a student specializing in voice or piano. This year’s winner is Marlee Wetter, who arranged this evening’s performance.

Judith Harreman, for whom this scholarship is named, was born in Medicine Hat in 1939. Judith graduated from the University of Alberta with a BA in Social Science. She was a member of CFUW clubs in Edmonton, Moose Jaw and Victoria. She died in Victoria in 1985.

Judith was a friendly and unassuming person whose quiet, pleasant manner endeared her to many people. She gave freely of her time and talents in pursuit of music and in support of the Club’s Scholarship and Bursary Society. It is most fitting that the Canadian Federation of University Women, Victoria honour Judith’s memory with the Judith Harreman Scholarship in Music.
