In tonight’s performance we want to share the stage with our colleagues with whom we have had the pleasure of working and performing side by side for the past 20 years.

As you may suspect, a string quartet is a delicate organism requiring a dedication and patience not only from the members in the quartet but also from those who work closely with the quartet. In our twenty years at UVic we have enjoyed enormous support and patience from our colleagues in the School of Music. It probably wasn’t an easy task to learn to know us and work with us both as individuals and as a quartet! Yet it was with these relationships we have forged in the school where we have learned to grow, and by doing so strengthen our quartet. It is a true milestone to celebrate 25 years as a quartet with the same four of us. This longevity is a testament to the environment of our daily occupation and the inspiration we experience with our colleagues in this fine university.

Tonight we celebrate and thank them. We are grateful to be a part of this wonderful faculty. We only wish that we could be sharing the stage with each and every one of our colleagues tonight!

We hope you enjoy the evening!
